A Word from Our Pastor

Deep in the heart of each person is a desire to belong. We need others. God has established the family so that we can experience the fullness of His blessing and have a place to belong. So much has gone wrong in our society because the family has not functioned as God intended. Dr. James Dobson, strong advocate for the family and founder of Focus on the Family ministries, said "It is with great concern that I share with you our considered belief that the institution of marriage is about to descend into a state of turmoil unlike any other in human history." God created the family to be the central, stabilizing foundation for society. We, as God's people, must take the lead in establishing solid families that can model Christ's love to our increasingly hurting world. Today we begin our Focus on Your Family campaign. For the next six weeks, we will give special attention to Biblical teaching and practical application to strengthen our homes and families. Let me encourage you to be present each week for worship and Sunday school as we preach and teach on the family. Also, be sure to join a small group where you can meet with others to discuss and personalize what you are learning. I believe God has a great blessing in store for us as we Focus on Your Family.
